

REMARKS

Claims 1-35 are pending in the present application. Claims 12-26 have been allowed and Claims 3 and 32 have been objected to. Claims 1, 2, 4-11 and 27-31 stand rejected. Claims 33-35 have been withdrawn. Claims 1-3, 7, 20, 27, 32, 34 and 35 have been amended herein and claim 33 has been cancelled herein. Reconsideration is respectfully requested in light of the present amendments and following remarks. The above amendments and following remarks are believed to be fully responsive to the outstanding Office Action and to render all claims at issue patentably distinct over the references cited.

Claims 33-35 have been withdrawn. This restriction is respectfully traversed. Reconsideration is requested in light of the present amendments.

The Examiner has rejected Claims 1, 2 and 4-6 under 35 U.S.C. §112, second paragraph. This rejection is respectfully traversed. Notwithstanding, the noted "displaying" term has been deleted. Accordingly, it is respectfully requested that the instant rejection be withdrawn.

Claims 1, 4-11 and 27-31 stand rejected under 35 U.S.C. §103(a) as allegedly being unpatentable over the Edwards article in view of Speller, Jr. et al. ('115). This rejection is respectfully traversed. It is believed that the originally filed claims are patentably distinct over the cited references. Nevertheless, objected to dependent Claim 2 has been essentially added to independent Claim 1. Furthermore, objected to dependent Claim 3 has been essentially added to independent Claim 7. Moreover, objected to dependent Claim 32 has been

essentially added to independent Claim 27. Thus, this rejection is now moot. Accordingly, it is respectfully requested that the instant rejection be withdrawn.

In view of the instant amendments, it is submitted that the present application is in condition for allowance. Accordingly, it is requested that the Examiner pass the case to issue at his earliest convenience.

Respectfully submitted,

Dated: March 31, 2006
